PROFESSIONAL SUMMARY

Motivated AI & Data Science student actively seeking internship opportunities to further develop my skills. Known for my adaptability, creativity, and strong teamwork, I thrive in collaborative environments and enjoy tackling challenges head-on. My participation in hackathons has honed my problem-solving abilities, and I hold certifications in C# and AWS, reflecting my commitment to continuous learning and growth.

EDUCATION

BTECH

Stella Mary's College of Engineering, India, Kanyakumari

2023 - Now

Currently pursuing a Bachelor of Technology in Artificial Intelligence & Data Science at Stella Maris College of Engineering. This program equips me with essential knowledge and skills in machine learning, data analysis, and AI technologies, preparing me for a career in the rapidly evolving tech industry.
